Hello, Ladies:

As president of Cuchara Hermosa, I am looking forward to this summer's events.

The purpose of Hermosa is the beautification of Cuchara. We have several flower beds that we maintain to keep the town beautiful, but just as important is the fellowship of the women (along with husbands/partners) at our events. We want to welcome the newer women to the community while also honoring those who have consistently supported Hermosa for many years.

Please consider joining us this year and being a part of this wonderful organization.

Key Moore, Cuchara Hermosa President
